

TOTAL ELECTRICAL COURSES - TEC20 / TEC30

OVERVIEW

These comprehensive courses are aimed at non-electrical and electrical persons wishing to up skill or re-train. The aim of the course is to provide a level of competence, which will allow work to be safely and efficiently carried out on electrical equipment and systems all within a 4 or 6 week period.

The 4 week course will give you the foundation knowledge you need to commence working as a domestic electrician and register with a competent persons scheme. The courses are a mixture of both practical work and theoretical study, with the emphasis being put on as much practical as possible.

This course can also be supplemented to a 6 week course with additional modules to enhance your existing skills and therefore widen your market.

4 Week Course Composition.

- Module 1 - Basic Electrical Generic Module
- Module 2 - Domestic Wiring Circuits
- City & Guilds 2377- 12 - Level 3 Certificate - Portable Appliance Testing
- City & Guilds 2382-10 - Level 3 Certificate - BS7671:2008 - 17th Edition Wiring Regulations
- City & Guilds 2393 - Level 3 Certificate - Building Regulations for Electrical Installations in Dwellings (PartP)
- City & Guilds 2394-10 Level 3 Initial Verification & Certification of Electrical Installations
